## Took the Bakery.

The horse attached to the American Bakery wagon, while standing in front of the bakery this morning became frightened, and started to make a display of his speed. Instead of turning the corner to go up Allen street he preferred to take a short cut and made for the sidewalk. In the course of events the wagon collided with the adobe wall, tore a hole in Warnekros' awning, and almost demolishing the top of the wagon. A ten-year-old boy who was near, was frightened out of a year's growth. The wagon was finally deposited at the door of the Bank of Tombstone, where the horse freed himself and made for the Huachuca with Sunol like speed. He was, however captured several miles out.

Several pies were strung along the line, followed up by a Mexican woman, who carried them toward her villa with an air of more than content at the acquisition of an unexpected banquet.

The horse attached to Warnekros' delivery wagon was standing in front of the store when the bakery runaway made its abrupt appearance, and, becoming also seized with the fever of unrest, started up Allen street at a lively pace, but when he discovered no one was in pursuit he stopped in front of the New York restaurant and calmly waited until he was driven back to his old hitching post.

The Santa Fe Co. have made a rate of \$67.40 for round trip tickets to Chicago and return. This is the lowest rate yet posted.

The exact ment to the gold regions of the Superintendant mountains near Phoenix is increasing. A town-site located has already been laid out and a general rush is expected in the near future for the new Eldorado.

A rat trap was set by P. B. Warnekros in his ware rooms last night and this morning by actual count it was found to contain fourteen rodents. Phoenix recently registered ten in one catch, but this beats the record.

## AT COURT.

### Both Juries Fail to Agree—Prisoners Receive Their Sentences.

Last night the jury in the Conspiracy case, after being out two days and failing to agree, were discharged. They stood eight for conviction and four for acquittal.

The different prisoners were brought before the court to receive their sentences. R. F. Valdez was sentenced to eighteen months in the Yuma penitentiary for grand larceny.

Estevan Felix received five years in Yuma for grand larceny and a suit.

Domingo Laguna, who killed his countryman at Fairbank, for which crime another has served two years, received ten years for manslaughter.

Alfonso May was sentenced to four months in the county jail for petit larceny.

At 3 o'clock the jury on the McKee Rainey case, for unlawfully killing a calf, after having been out since the same hour yesterday, concluded they could not agree and were discharged. They were evenly divided in opinion, standing six for conviction and six for acquittal.

Court will probably adjourn Monday.

## Regeneration.

To secure a normal and regular tissue change throughout the body use BRANDRETH'S PILLS. This tissue metamorphosis consists in constantly proceeding waste of tissue and its regeneration. BRANDRETH'S PILLS are the best solvent of the products of disintegration of the tissues and increase their elasticity. They are an alternative and eliminative remedy, which allay irritation and remove obstruction by aiding nature and are of great benefit in cases of temporary and habitual constipation, torpid liver, biliousness, headache, indigestion, rheumatism and diseases arising from an impure state of the blood.

BRANDRETH'S PILLS are purely vegetable, absolutely harmless, and safe to take at any time.

A surprise party was given last night to Miss Nellie Clark by a large number of her friends. Singing, games and other amusements were indulged in until a late hour. Bountiful refreshments were served and a most enjoyable time was had.

The vast facilities of the J. C. Ayer Co. of Lowell, Mass., enables them to place the superior blood purifier—Ayer's Sarsaparilla—within easy reach of the poorest invalid. Don't be induced to take a "cheap" substitute. Always remember that the best is the cheapest.

Ayer's Pills are invaluable for the cure of Headache, Constipation, Stomach and Liver troubles, and all derangements of the digestive and assimilative organs. These pills are sugar coated, safe and pleasant to take, always reliable, and retain their virtues in any climate.

Thos. Douglass of Flagstaff was in town yesterday on his way to Guaymas. He states that the coal fields north of that place are coming fully up to the published reports concerning their extent and quality. Much activity is apparent in that region and Flagstaff is rapidly coming to the front. Mr. Douglass took his departure this morning.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

A load of supplies was sent out yesterday to the bonanza properties of A. Bauer in the Dragons. A blacksmith shop and other improvements will shortly be made and with an additional force of men work will be vigorously pushed.

The lock on the safe in the probate court failed to open today. Within the safe the marriage license book is kept, consequently the certain gentleman who stands high in the front ranks of the Democratic party and who is about to embark on the matrimonial sea, is rather anxious as to when access can be had to the safe before the date of the marriage arrives which event is expected to take place next week.

Mr. T. J. Graham of San Francisco, a prominent mine owner in northern Arizona, also interested in the Eagle mine in the Whetstone, was in Tombstone today after paying a visit to the latter mine. His visit means the resumption of work on this valuable property. As soon as he returns to San Francisco with his report, which will be favorable, a hoist will in all probability soon be erected and a large force put to work.

While Mr. F. J. Richy of Altona, Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for low complaint and nothing else. It never fails. For sale by Druggists.

## FOR SALE.

Twelve cow horses, in good order and condition to work. Have been on pasture for two months.

Also 20 stock horses more or less. Will be sold cheap for cash. R. B. CLARK, m25 Tombstone, A. T.

## THINGS ABOUT SLEEPING.

SUNLIGHT is good for everything but feathers.

THE best number of persons to each bed is one.

AWAY with heavy hangings, either above or below the bed.

DO NOT fail to provide some means for ventilation during the night.

REWARD of a dusty, musty carpet; better sweetness and a bare floor.

IF a folding bed be used, contrive some way to keep it aired and wholesome.

KEEP the head cool while sleeping, but not by a draft of cold air falling upon it.

LET the pillow be high enough to bring the head in a natural position—no more or less.

THOUGHTFUL air the sleeping room every day; stir the beds and bedding as often as possible.

A DRAIN, out-of-the-way, unwholesome corner is no more fitted for a sleeping room than for a parlor.

A FLYING bed which has done service for a generation or two is hardly a desirable thing upon which to sleep.—A New England Housekeeper.

## MISSING LINKS.

THE Chinese have a saying that "discrepancies do not produce faults; it discloses them; fortune does not change manners; it uncovers them."

A DRAVEN in the employ of a Toronto breweryman has been fined for the offense of having driven a lady along the public streets of that city on Sunday.

IT is said that the largest piece of mink in the world was recently taken out of a North Carolina quarry. It measured nine and one-half by sixteen inches.

CUSTOMS officers find silk handkerchiefs concealed in a box of macaroni from Italy. Silks have often run the customs in old times packed in cases of stationery.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it and Pain Balm is the best I have ever met with. W. R. Penny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by druggists.

## HAVE YOU TRIED DRUGS AND FAILED

TO FIND A CURE FOR RHEUMATISM, LUMBAGO, SCIATICA, KIDNEY, LIVER AND BLADDER COMPLAINTS, DYSPEPSIA, LAME-BACK, &c.

Our 200 page book "THREE CLASSES OF MEN," should be read by every young, middle-aged and old man, sent sealed, free. Dr. Sanden's Electric Belt is an experiment as we have restored thousands to robust health and vigor, after all other treatments failed, as can be shown by hundreds of cases throughout the United States, who would daily testify, and from many of whom we have strong letters bearing testimony to their recovery after using our Belt.

## WE HAVE CURED THESE—WE CAN CURE YOU!

**NERVOUS EXHAUSTION AND DEBILITY**—Denver, Colorado, April 24, 1893. Dr. A. T. Sanden, Dear Sir:—I wish to say for the benefit of suffering humanity that I got relief from your Belt. I was generally debilitated, and must say that once I got it I felt like a new man. I was generally debilitated, and must say that once I got it I felt like a new man. I was generally debilitated, and must say that once I got it I felt like a new man.

**INDIGESTION CURED.**—Leavenworth, Colorado, July 22, 1893. Dr. A. T. Sanden, Dear Sir:—I bought one of your Belts while in Leavenworth. I was then troubled with indigestion, constipation, liver and kidney troubles. I was generally debilitated, and must say that once I got it I felt like a new man. I was generally debilitated, and must say that once I got it I felt like a new man.

**THE DR. SANDEN ELECTRIC BELT**—It is a complete electric battery, made into a belt so as to be easily worn during work or at rest, and it is the only one of its kind. It is the only one of its kind. It is the only one of its kind. It is the only one of its kind.

## "For Years,"

Says CARIE E. STOCKWELL, of Chesterfield, N. H.: "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a ton weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly; but, for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me Ayer's Pills, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."
